**SPECIAL FILMING CONDITIONS
ANGELINO HEIGHTS AREA**

The Special Filming Conditions described below will be included in the terms and conditions of permits issued for filming in this area and are in addition to the standard terms and conditions applicable to filming permits generally. While these Special Filming Conditions will be included as terms if a permit for filming in this area is issued, they are not intended to, and do not, establish the criteria or standards for determining whether or not a particular permit (or permits) will be issued for this area. The decision whether or not a particular permit (or permits) will be issued is vested in the discretion of the appropriate City or County department or their designees (including FilmL.A., Inc.), to be exercised consistent with public health, safety and general welfare, and applicable land-use ordinances.

This area is bounded roughly by Echo Park Avenue on the west, Sunset Boulevard on the north and east, and the Hollywood Freeway (101) on the south.

- **Affected residents/merchants/businesses within 500 ft. of any filming activity (including production equipment parking, cast/crew parking, or catering) must be notified at least two (2) days in advance of the first day of filming or the first day of any substantial set preparation.** *Permit requests must be submitted to FilmL.A. at least three (3) days in advance.*
- **Cast and crew are not permitted to park on area streets.** Off-street parking must be provided.
- **Minimal posting only for equipment parking will generally be allowed** and only on one side of the street.
- **Posting or parking of equipment is prohibited on the 1300 block of Carroll Avenue (between Douglas Street and East Edgeware Road)** unless the filming address is on that block. In that case the Special Filming Conditions for the 1300 block of Carroll Avenue must be followed.
- **A FilmL.A. Monitor will be assigned to encourage compliance with the permit and conditions.** The Monitor will generally arrive at the designated location 1 hour prior to the permit start time to note proper arrival time and remain with the production company during all filming-related activities and ensure proper departure time.

PARK FILM OFFICE

City of Los Angeles, Department of Recreation and Parks
4730 Crystal Springs Drive, (Mail Stop 664)
Los Angeles, California 90027
Telephone: (323) 644-6220 Fax: (213) 847-6056

Film Production Guidelines

Failure to comply with these conditions will be in violation of your film permit and may result in revocation of permit.

Welcome to the City of Los Angeles, Department of Recreation and Parks (Department). In our partnership to protect the environmental integrity of our parks the Park Film Office is providing guidelines to ensure a safe and successful film shoot. Please review and provide copies of these guidelines to the appropriate responsible persons. Thank you for the continuous use of our parkland.

- Vehicles and/or heavy equipment are not allowed on turf areas unless prior approval is given by the Park Film Office.
- Production companies must provide their own restroom and trash receptacles. The City dumpsters and trash cans cannot be used so all self-generated trash has to be removed and disposed of off-site.
- Film permits do not provide exclusive use of a park or recreation area.
- Service roads, parking lot driveway access, handicap or electric vehicle designated parking stalls may not be blocked or restricted. Emergency vehicle access lanes must be maintained in parking lots and park streets at all times.
- A 20 Foot unobstructed lane must be maintained between parked vehicles/trailers in all parking lots and Recreation and Parks roadways for emergency vehicle access.
- Due to underground plastic irrigation lines and trees having shallow root systems, staking or drilling into turf, rocks, trees or asphalted areas is not permissible unless prior approval is given by the Park Film Office. This approval will be noted in the permitted guidelines.
- Locked park gates can only be accessed by a Park Film Office Monitor. Security of open gates must be provided by the permitted company. Any equipment that is permitted to stay overnight must be guarded by the permitted company's security group.

- Alterations to natural or manmade surroundings or content of the park are not permissible unless documented in these specific guidelines. The permit holder is financially responsible for all remediation should there be any damage or unauthorized alteration to Department property. The remediation and cost of will be determined by the Park Film Office.
- A Park Film Office Monitor(s) may be assigned to the permitted location. Their job is to ensure guidelines are followed, liaison between park patrons, other City employees and a communication link between Permittee and the Park Film Office for any additional needs or authorizations. When the Park Film Office is closed the Park Film Monitor has the authority and responsibility to modify these guidelines within the parameters given to them by their supervisor. The Park Film Monitor has access 24/7 to contact their supervisors if needed. The Permittee will be required to adhere to the instructions, restrictions and requests given by the Park Film Monitor.
- Smoking is prohibited on all Department properties. An exception has been made for permitted film production companies to smoke in areas that are designated by the Fire Safety Officer or Park Film Monitor. If a Fire Safety Officer or Park Film Monitor is not assigned to the Permittee there will be no smoking with the exception of an actor smoking while performing or as part of the scene.
- A designated smoking area may not be near any patron activity or facility. Large buckets of sand or water must be placed in this area for disposal of tobacco or tobacco related products. The designated smoking area may be revoked or not allowed depending on weather and location conditions. Failure to comply with the smoking restrictions may result in a fine.
- OK to film at Woodley in area between the creek and archery range.
- OK to access gravesite area from the north side of the archery range only.
- OK to dig a 3' deep, grave size hole in area between the creek and archery range.
- Company must level off grave site area during strike day.
- OK to have vehicles on turf without plywood in area between the creek and archery range only.
- OK to drive gators on grass.
- No carving into any trees, no exceptions.

- OK to use Woodley Lot 2 for basecamp.
- OK to use ½ of lot 3 for crew parking along the West side of the lot.
- OK to use up to ½ of lot 4 for working trucks.
- OK to use up to 6 spaces in the Archery Range parking lot for placement of generator.
- Parking lot access must not be restricted at any times.
- Parking lots must be accessible to park patrons at all times.
- CO. must leave emergency clearance in the parking lot at all times.
- OK to load in trucks into lot 2 in the afternoon of prep day.
